

Test document

Words <sup>1</sup>

Some more words to end this second document

<sup>2</sup>

That should be it<sup>3</sup>

One more line: testing the footnote snippet <sup>45</sup>

Testing this character: Does something change? (This line had no space)

Testing the tilde with space this time:

What does this look like? (This one had empty lines below and above tildes)

Trying this one: now the tilde is on a separate line but without empty lines. Same paragraph? Or different?

---

<sup>1</sup>and I have a footnote!

<sup>2</sup>Testing a footnote without any text

<sup>3</sup>Testing without a space between the text

<sup>4</sup>It works!

<sup>5</sup>Footnotes for footnotes?
